Do that by creating a sales page for the brand new e book, but don't embrace a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is strictly the identical on

each web page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your website and sales of your book. This will tell you what your optimum value is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a brand new technique, your ebook will usher in both site visitors and profits.
