An efficient approach for determining a price is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new book, however don't embrace a worth on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with totally different prices on each page. Make sure your gross sales copy is strictly the similar on each web

page, and consists of your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This can tell you what your optimum value is.

In the end, in case you've written a e book that solves a problem or presents a new technique, your e book will bring in both site visitors and profits. So you'll want to write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 110 e-book will probably be to the customers who purchase it.
