If your e-book solves an issue or answers questions in a brand new and distinctive manner, it is best to worth your guide as high as you'll be able to go. You'll achieve larger earnings this manner, but bring in fewer customers. audience. If your concepts will not be common data, or you're presenting a brand new method, you will be able to sell books at a excessive price. Just be ready in your competitors to undercut you on value as soon as they hear about your book.

If you wish to see large earnings over customer draw, aim for an audience that's searching for easy options to their issues at a low price. If your e-book is geared toward fixing one specific drawback slightly than basic advice, then you can charge more. Begin on the highest value the market will bear to bring in the largest income, and plan to low cost the book a number of times all through the year.
