The bottom line is to find a price that maximizes your profits and the number of books you sell.

This is a wonderful pricing technique if you are seeking to acquire long-time period customers. Lengthy-time period clients are extremely likely to purchase from you again and again ? as long as the primary e book they buy is of distinctive high quality and helpful to the customer.

Nevertheless, in case your book contains valuable ? and extra importantly NEW info, references, or strategies ? then it's best to intention to price it on the high end.

After you figure out your goal, you could work out what your audience's want is on your ebook. For instance, does your e book clear up a specific drawback? If it does, and solves it in a manner that hasn't been written about in 100 other ebooks, you may be in a position to obtain high sales at a excessive price. If your book solves an issue or answers questions in a new and unique manner, you

need to worth your book as excessive as you can go. You will achieve bigger earnings this manner, but usher in fewer customers. Begin on the highest worth the market will bear to usher in the largest profits, and plan to low cost the e-book a variety of occasions throughout the year.
