Decide if your aim is to get huge distribution and maximum exposure. This objective is aimed toward drawing prospects to your online business or service, or to establishing the credibility of your reputation. If that is your essential aim, you must goal to keep your worth on the low side. Some authors have even priced their ebooks at a revenue loss to draw a high number of new customers. If you wish to see massive income over buyer draw, intention for an audience that is on the lookout for easy options to their issues at a low price. In case your ebook is aimed toward solving one particular problem rather than general recommendation, then you can charge more. Start on the highest value the market will bear to bring in the largest earnings, and plan to discount the e-book a number of occasions all through the year.

every web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.
