Another technique is to check out prices by creating a variety of duplicate sales pages with totally different prices on every page. Be sure that your gross sales copy is exactly the similar on every

web page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum price is.

In the end, if you happen to've written a guide that solves a problem or presents a new technique, your book will herald both traffic and profits.
