An efficient technique for determining a price is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the brand new guide, however don't embody a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Be certain that your sales copy is strictly the same on each web page, and includes your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your website and gross sales of your book. This can let you know what your optimum value is.

Finally, if you've written a guide that solves a downside or presents a brand new technique, your e-book will herald both traffic and profits. So you'll want to write that selling-handle sentence that sums up what downside your e book solves and what the benefits of your 1480 guide can be to the shoppers who purchase it.
