An effective technique for determining a price is to ship out a survey to your current customers. Ensure your gross sales copy is precisely the same on each web page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. It will let you know what your optimum value is.

Ultimately, for those who've written a e book that solves a downside or presents a new method, your guide will usher in both site visitors and profits.
