Advertising Methods

The key that unlocks the sales potential of your e-book is to find a single sentence that becomes your promoting handle. This sentence states what question or drawback your guide solutions and the

advantages your ebook can provide. Then you should definitely use that sentence in every piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are a number of other methods that may enable you to promote more books.

One is to present something away free of charge with your guide, similar to a helpful bonus item. Or bundle several ebooks below one worth, which lowers the worth for each book if they had been sold separately.

An efficient approach for figuring out a value is to ship out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the brand new book, but don't embody a value on that page. Instead, add various links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with different costs on every page. Make sure your gross sales copy is exactly the same on each page, and contains your selling-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum worth is.

In the end, in the event you've written a e-book that solves a drawback or presents a new technique, your guide will bring in both traffic and profits.
