An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new book, however don't include a value on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Ensure that your sales copy is precisely the identical on every page, and consists of your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum value is.

Finally, should you've written a e-book that solves a drawback or presents a new method, your e-book will herald each site visitors and profits.
