One other technique is to check out prices by creating a variety of duplicate gross sales pages with different costs on each page. Be sure your sales copy is exactly the same on each web page, and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum price is.

In the end, when you've written a guide that solves a drawback or presents a brand new technique, your book will herald each visitors and profits.
