An efficient method for figuring out a value is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the brand new ebook, but don't include a value on that page. Instead, add a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Make sure your sales copy is exactly the same on every web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. It will tell you what your optimum worth is.

Finally, in case you've written a book that solves a problem or presents a new technique, your e-book will bring in both traffic and profits.
