An effective approach for figuring out a price is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to

price. Do that by creating a sales web page for the brand new ebook, but do not embrace a value on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out prices by creating a variety of duplicate gross sales pages with different prices on each page. Be sure that your sales copy is precisely the identical on each page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and gross sales of your book. It will inform you what your optimum worth is.

Ultimately, if you've written a e-book that solves a problem or presents a brand new technique, your guide will usher in both visitors and profits.
