An effective approach for determining a price is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales page for the brand new book, but don't embody a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other technique is to check out costs by creating a number of duplicate gross sales pages with totally different prices on each page. Ensure that your sales copy is precisely the similar on each web page, and consists of your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum price is.

Finally, if you happen to've written a ebook that solves a problem or presents a new technique, your book will bring in each traffic and profits. So make sure you write that selling-handle sentence that sums up what problem your ebook solves and what the benefits of your 2637 ebook can be to the customers who buy it.
