An effective approach for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do

that by creating a sales web page for the new guide, but do not embody a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with totally different costs on every page. Be sure your sales copy is exactly the same on every web page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum worth is.

In the end, if you've written a book that solves a drawback or presents a new technique, your ebook will usher in both traffic and profits.
