Then be sure you use that sentence in each piece of sales and promotional material, and every time anyone asks you about your ebook.

Apart from selling your books assiduously on-line, there are a number of other methods that may make it easier to sell more books.

One is to offer one thing away without cost along with your ebook, corresponding to a valuable bonus item. Or bundle a number of ebooks below one value, which lowers the worth for each book if they have been offered separately.

An efficient technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the brand new ebook, but do not embody a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with different costs on every page. Make sure your sales copy is precisely the similar on every page, and

includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum price is.

In the end, for those who've written a book that solves a downside or presents a brand new technique, your e-book will usher in each visitors and profits.
