An efficient approach for determining a value is to ship out a survey to your current customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the new book, but do not embody a value on that page. As an alternative, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Ensure that your sales copy is exactly the identical on each web page, and includes your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may tell you what your optimum value is.

In the end, when you've written a ebook that solves a problem or presents a brand new technique, your ebook will herald both site visitors and profits.
