One other technique is to check out costs by making a number of duplicate sales pages with totally different prices on each page. Be sure your sales copy is precisely the identical on each page, and contains your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum worth is.

Finally, should you've written a ebook that solves a downside or presents a brand new technique, your e-book will bring in both site visitors and profits.
