An efficient method for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for their opinion in terms of price. Do

this by creating a sales page for the new ebook, but do not embody a value on that page. Instead, add a number of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out prices by making a variety of duplicate gross sales pages with totally different costs on every page. Ensure that your sales copy is exactly the same on every page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum price is.

In the end, if you've written a guide that solves a drawback or presents a new approach, your e book will herald both traffic and profits.
