Another technique is to check out prices by creating a number of duplicate gross sales pages with different costs on each page. Be sure your sales copy is precisely the similar on each web page, and

contains your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum price is.

Finally, in the event you've written a ebook that solves a drawback or presents a new technique, your book will herald each visitors and profits.
