An efficient approach for determining a worth is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion when it comes to price. Do this by making a gross sales page for the new book, but do not embody a worth on that page. As a substitute, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with different prices on each page. Be certain that your sales copy is strictly the same on each web page, and

includes your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum value is.

In the end, when you've written a book that solves a problem or presents a brand new technique, your book will bring in each traffic and profits. So you'll want to write that selling-deal with sentence that sums up what downside your guide solves and what the benefits of your 882 ebook can be to the purchasers who purchase it.
