piece of sales and promotional material, and each time anyone asks you about your ebook.

Moreover promoting your books assiduously online, there are several other methods that may enable you sell more books.

An effective method for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the new guide, however don't embrace a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure your gross sales copy is strictly the similar on every page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum worth is.

Finally, if you've written a ebook that solves a problem or presents a new approach, your guide will herald both traffic and profits. So remember to write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 910 e-book will likely be to the purchasers who buy it.
