As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with completely different prices on every page. Be sure that your gross sales copy is precisely the identical on

every web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum price is.
