In addition to selling your books assiduously online, there are several different methods that may

assist you to promote more books.

One is to offer one thing away for free along with your book, comparable to a valuable bonus item. Or bundle several ebooks below one price, which lowers the value for each e book in the event that they had been offered separately.

An efficient method for determining a worth is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the new book, but do not embrace a price on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to check out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the similar on every web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum price is.

Finally, for those who've written a guide that solves a problem or presents a new method, your ebook will usher in both traffic and profits. So be sure you write that selling-handle sentence that sums up what downside your guide solves and what the advantages of your 989 e book shall be to the shoppers who buy it.
